WOULD NAME SCHOOL FOR R. A. COCHRAN

It Has Been Suggested That First District School Be Known as the Cochran School — Board of Education Meets.

At the regular meeting of the Maysville Board of Education held last night the naming of the First District School building for Mr. R. A. Cochran, who for many years has been deeply interested in improving the educational system of the city and who for twenty years has served the city on the Board of Education, was suggested to the Board. No definite action was taken at last night's meeting but it is expected that the matter will be taken up in the very near future. No man in Maysville has taken more interest in the public schools of the city than Mr. Cochran and this would be a splendid recognition of his services.

Prof. N. S. Culp, graduate of the Bowling Green Business University, who has been teaching commercial courses in High Schools for the past three years, was elected commercial instructor in the Maysville High School for the ensuing year to succeed Prof. Jones, resigned.

Superintendent Caplinger reported that everything was ready to begin work at placing the manual training machinery and work will be started this morning by an expert at getting the machines in place and getting the cabinets built so that when school opens in September the manual training instructor will have his equipment ready.

The matter of admitting colored children from the county to the city colored schools was also taken up and the board agreed to admit these colored students from the county upon the payment of the regular tuition. A special committee was named to meet with a special committee from the county board of education to reach some understanding about caring for the colored students from the county.

Colofel Thomas Winter leaves this morning by automobile for Dry Ridge, Ky., where he will spend several days at Carlsbad Springs for his health.

WOMEN PLAN DEMONSTRATION AT COUNTY FAIR

Women of Mason, Bracken and Robertson Counties Will Join in Food Conservation Demonstration at Germantown Fair.

A very interesting meeting of the women of Maysville and Mason county who are interested in the proposed food demonstration to be given during the Germantown fair was held yesterday afternoon. There was a very good audience present indicating that the women are taking a keen interest in the movement. Nineteen of the twenty-two voting precincts in the county were represented.

Miss Lula Logan, of Lexington, a member of the special sub-committee of the committee on Fair Exhibits which has in charge the exhibits, posters and slogans spoke.

Miss Logan made a very interesting address and gave the Mason county women some splendid ideas which they will carry out in their plans for the tent exhibits on the fair grounds and in their great parade planned for the fair week.

Special committees were appointed to attend to various duties during the next few weeks and the women left the meeting full of enthusiasm and anxious to make a great success of this wonderful opportunity to bring to so many people the necessity of food conservation during the period of the war.

Besides representatives from most every precinct in Mason county, the women of this county were assured by the women of Bracken and Robertson counties that they would lend them their hearty co-operation in making the demonstration a great success.

SELLS NICE FARM

Sherman Arn, local real estate dealer, sold yesterday for Mr. J. M. Brookover, his 98 acre farm located near Manchester, Ohio, to Mr. R. E. Maddox and Stanley King. Possession March 1, 1919.

Wilson Bell, who is located at Wright's Aviation Field near Dayton, Ohio, returned yesterday after spending a short furlough with his parents here.

PROGRESS OF THE ALLIES IS VERY SATISFACTORY

American Forces Now Occupy Hills Beyond Sereny—Americans Trick Germans and Take Many Lines.

With the American Army on the Aisne-Marne front, July 31—General De Goutte, commanding the army on this front, expressed to the correspondents today his satisfaction at the progress already made and the hope that the advance would continue until the Germans were forced beyond their new positions.

It had been a keen satisfaction to him, he said, to have American co-operation in the battle, and he was frank in his praise of the manner in which the Americans were carrying out their part. Some of the officers now in the line he had met at the time of the Boxer rising in China when he was a captain.

The American forces now occupy the hills beyond Serengeti and Sergi. One of the fiercest encounters in the present offensive was brought about by the Americans, who occupied Serengeti. Some of them did withdraw, but others remained in the houses and other points of vantage. The Germans began pouring into the place and the Americans opened fire. The enemy troops were virtually annihilated.

The Americans used machine guns and rifles, pistols and both the bayonet and the rifle butt with great effectiveness. The fighting in the streets was savage, but of comparatively brief duration. Then the Americans awaited the coming of other Germans, but they came not. So Americans and French together moved beyond the village.

When the Germans learned that the Americans in Serengeti were winning, they used their artillery, and there is unquestionable evidence that numerous Germans were killed by German shells.

Some prisoners declared that the orders were that the Germans must hold at all costs. Among the prisoners were men attached to the Fifth foot guards from Lorraine and others who had been on leave in Germany, who said that the German people were thoroughly tired of the war and did not care who governed, so long as the war came to an end.

The Germans are now using high explosive shells simultaneously with gas shells. The high explosives are designed to drown the "pop" of the gas projectiles, which the allies have learned to distinguish from the others. The percentage of gas casualties is low as a result of the discovery of the German trick, because the Allies generally anticipate attack with gas.

MAYSVILLE WILL HELP BUILD CAMP AUDITORIUM

Mayor Russell Is Raising Fund to Build Large Auditorium in Camp Where Local Men Are Located.

Mayor Thomas M. Russell this morning received a letter from E. P. Ramey, Maysville man now located at Camp Holabird, Baltimore, Md., asking that Maysville make a donation toward building an auditorium at the camp.

Similar letters have been sent out to all the men located at this camp to their home towns asking for small donations. The auditorium will be used for all of the men to gather for lectures, religious services, patriotic meetings, etc.

This large building will cost approximately \$30,000 but each community which has a man located at camp is asked to make a small donation of twenty-five dollars to make the auditorium possible.

It is certain that Maysville will do her full part toward making the Maysville men in Camp Holabird happy. Already Mayor Russell has received several contributions. All desiring to contribute to this fund should see the mayor at once.

NEGRO SOLDIERS PASS THROUGH

A train load of colored soldiers passed through the city this morning on their way to the East. Some said they thought they recognized several Mason county men in the company.

Mr. Nelson Smith and family have returned to their home in Canton, O. Mr. Smith is slightly improved in health.

NOTICE

Present your Stock Certificates at Farmers & Traders Bank, Maysville, Ky., and receive your dividend check.

FOURTH LIBERTY LOAN DRIVE WILL START SEPT. 28

Campaign Will Continue Three Weeks Says McAdoo—Bonds Will Bear 3 1/4 Per Cent. Interest It Is Thought.

Washington, D. C., July 31 — The campaign for the fourth Liberty loan will open Saturday, September 28, and continue three weeks, ending October 19, it was announced tonight by Secretary McAdoo.

In fixing three weeks as the length of the campaign for the fourth loan, instead of the four weeks as in previous loans, treasury officials plan for a more intensive campaign. A shorter campaign, it was said, will also enable more business men to enlist as workers.

The date of the campaign was announced at this time in order to allow campaign organizations to prepare for the sale of bonds and to prevent the planning of other campaigns which might interfere with the flotation of the loan has not been made, the amount of the loan will probably be six billion dollars and the rate of interest which the bonds will bear, four and one-quarter per cent.

Officials in charge of the campaign have announced that a special appeal will be made to farmers, who subscribed liberally to the last loan.

ENEMY ALIEN TAKEN UP AS A VAGRANT

Austrian Is Arrested Upon Complaint of Citizens—Will Get Hearing This Afternoon.

Paul Hegadust, a native of Austria-Hungary, was arrested by Officer P. Ryan yesterday afternoon on complaint of residents of the East end near Union street and will face a charge in Police Court this afternoon of vagrancy.

Hegadust had been loafing around the East end of the city for the past several days and his suspicious actions aroused the neighbors who made complaint to the police department. He carries with him discharge papers showing that he was in Jacksonville, Tenn., during the time of the first registration for the National Army and was sent from there to Fort Thomas where he was given discharge papers as an alien enemy.

The foreigner is about twenty-five years of age and can hardly speak the English language. An interpreter has been secured and he will be given a hearing this afternoon.

FATHER OF LOCAL WOMAN DIES

Word was received here this morning that Mr. Anderson Brock, of New Liberty, Ky., father of Mrs. R. G. Knox, this city, died at the Norton Infirmary, Louisville, last night following a short illness. Mr. and Mrs. Knox were called to Louisville last night making the trip by automobile. Mr. Brock is survived by three sons, one daughter, Mrs. Knox, and his wife. The funeral arrangements have not been completed.

The largest stock of Fountain Pens ever purchased by us—now on display in our show window. Conklin Original Self-filler fully guaranteed. No advance in price. See and suit your hand. J. T. KACKLEY & CO. 31-33

Rev. W. W. Shepherd, of Morehead and Rev. J. W. Litterell, of Covington, both former pastors of the Third Street M. E. Church, passed through the city yesterday afternoon on their way to Ruggles Campgrounds.

BATTLE BREEDERS PLAN FOR A BIG SALE OF STOCK

Maysville Is to Become Stock Market of More Than State-Wide Reputation — Shorthorns to Be Urged on All Farmers As Standard.

A meeting of the Pure Bred Shorthorn Cattle Breeders Association consisting of breeders from Mason, Bracken, Fleming and Lewis counties in Kentucky and Brown and Adams counties in Ohio, was held in this city yesterday and plans were made for the first of a series of public sales of pure bred cattle to be held in this city on October 18th.

Maysville now has another opportunity to become a great stock market and the members of this association will devote much time and money to establish pure bred cattle on all of the farms of this section of Kentucky and Ohio. Being located in the center of the district and with railroad and river facilities Maysville naturally becomes the market and shipping point.

This association promises to interest the farmers in this district in raising pure bred shorthorns just as the farmers of Mason county have adopted the Rhode Island Red chickens as the breed for this county. The association yesterday proposed to hold a series of several sales in Maysville offering pure bred stock for sale at public auction so that every farmer who was interested in bettering his herd could do so by securing the best males and females obtainable here.

Some of the best pedigreed cattle in Kentucky will have offsprings offered for sale at these great public sales and it is expected that the farmers will take a great interest in the sales and attend in large numbers.

The association will make full announcement of the sales later.

BIG FIRE AT CARLSLE

Word was received here this morning that Carlsle was visited by a very destructive fire last night. The telephone company's cables and lines were badly damaged and the Maysville Telephone Company sent a crew of men over this morning by automobile to help repair the damage.

Mr. Robert L. Hoeflich left last night for Ocean View, Va., where he will visit his brother, Mr. William Hoeflich until the first of September when he will leave for a trip to New York and other far Eastern points.

Truss Wearers

Why go to the city to be fitted with a TRUSS and pay Five to Ten Dollars. We will fit you and save you money besides your railroad fare.

M. F. Williams Drug Company

THIRD STREET DRUG STORE

HUNS ON THE RUN

The lovers of good pictures will be given an opportunity of seeing one of the greatest patriotic pictures that was ever produced, when Charles Richman presents the patriotic photodrama "Over There" at the Pastime Theater this afternoon and evening. Anna Q. Nilsson assumes the stellar role supported by Gertrude Berkley and an all-star cast of select players.

This production is strictly first-class in every respect, showing actual battle scenes of the world war and how our brave young boys are conquering the enemy. A picture that every true American should see. Admission 13c, war tax 2c; children 10c, war tax 1c.

FAIR TIME IS NEARING

It will be only a few weeks until the fairs throughout this section will be on in full blast. The Germantown Fair will, of course, attract the most people from this city but many from here will also attend the fairs at Ripley, Vanceburg and Ewing.

Mrs. Jerome Wate Stewart, Miss Dorothy and Master Jerome, of Flemingsburg, have just returned from a most delightful week spent with Mrs. Norris E. Canfield of 521 East Main street, Lexington, Ky.

WANTED, SCRAP IRON

Highest Cash Prices paid for Scrap Iron, Metals, and Feed Bags. Call S. GREENWALD Telephone 318. Plum Street.

What About

Converting your 3 1/2 and 4 per cent. Government Bonds into 4 1/4 per cent. Bonds. You can do so if you so desire, and if you wish to do so we will be glad to attend to the matter for you.

Without Charge or Cost of Any Kind

All you have to do is just leave your Bonds and instructions with us.

Conversion may be made any time before November 9, 1918; but we would advise that you act at once if it is your intention to make the conversion as the Government now has lots to do and you will help things along by giving it all the time possible.

NOTICE

Parties who purchased First Liberty 4% (converted) and Second Liberty 4% Bonds from us and wishing to convert into 4 1/4% Bonds will please deposit same with us.

The State National Bank.

We Who Are Now Growing

Slightly bald and reminiscent often wonder if ever again will come back the days of ten-cent beefsteak and three-dollar pants; the days of twelve-cent eggs and real butter at twenty cents the pound—a pound that slammed the scale beam up with a vicious thud instead of a wavering hesitant, timid, weak and snail-like pace to where it lightly kisses the bar and then limply recedes, two ounces short.

Probably not, and the only thing for us to do is to adjust ourselves as best we can to changed conditions. Things are high but crops and great labor is being well paid. So, let's smile,—all smile,—and remember the Square Deal Man's on Square Deal Square. "God's in his high heaven and all's right with the world."

Mike Brown

Local and Long Distance Telephone No. 40. Office—Public Ledger Building.

Entered at the Maysville, Kentucky, Postoffice as Second-class Mail Matter.

THE FIRST FRUITS OF VICTORY

These are days of brighter skies in France. The Franco-American troops continue to advance triumphantly and unchecked. Already they have progressed further than the most optimistic military critics had dreamed. We Americans are happy over the early triumph of our boys at the front.

But we must not be too sanguine just now over the first fruits of victory. This is not the big offensive of the Entente Allies, predicted to be a veritable parade into Berlin. We have not yet the available man power for that herculean task. Reverses and darker days are sure to come. Read what Frank H. Simonds, eminent war critic, has to say:

"It is a mistake to say that the Germans have been routed, except on a local and restricted front. It is a mistake to believe that the probabilities now point toward a decisive defeat which will open the road to Berlin. So far a great and dangerous blow has been parried and a counter thrust delivered, the consequences of which may be wide and are already considerable. But vast reserves remain to the German and he has the power to organize return blows promptly.

"So far his greatest defeat is on the moral side, considerable as has been his military reverse. His people have watched with apprehensive interest the entry of the kaiser's army upon those fields familiar four years ago as the scene of the great disappointment.

"For the German people a second battle of the Marne has been fought and the issue even now is unsatisfactory. Already Paris must seem to them saved again in the old way.

"And in Paris, London and Rome the moral effect cannot be exaggerated after the Piave, a second Marne. What was ominous in March and still threatening in June becomes less than menacing in late July, when, after great but only partial triumphs, the German suffers a check which defies camouflage and may approximate a disaster."

So, we may be jubilant over the splendid achievements thus far, but we should be cautious about boasting that "it is all over," that the Germans have given up and that the war is about over.

Such a spirit is dangerous, just at this time. Instead, we should spend our energy and our might speedily and effectively here at home to do all that we can, willingly, hopefully, confidently, that when the time comes to strike the telling blow at the Beast of Berlin, our troops will be amply prepared in every way to carry the banner of freedom triumphantly to the very gates of Berlin. What a glorious day that will be!

THE GREAT TASKS WHICH LIE BEFORE US

Win the war we must and will though it requires great sacrifice, strips us bare and lays a tremendous burden upon future generations. It will be the price of our unpreparedness and the neglect of the human factors which must be the great reliance and concern of the future. While fighting to keep off the yoke of the Kaiser we must not fail to prepare for the great changes of the uncharted future. Democracy must survive to achieve the highest ideals for humanity. Heavier responsibility must be shared by each citizen. Results will be measured by the unity, strength, wisdom and vision of the great majority, who, without clear conception, are, in troubled times, easily led to their own destruction and may bring our children and their children for generations to a barren future. The war has revealed much which must be turned to strength. It will give us renewed confidence and courage to know that our future citizens will, as far as possible, be qualified mentally, bodily and spiritually for the great tasks which lie before us. This is the time to act courageously. The future must not be left to chance. We should decide not to give all future new young voters the short courses of Federal training for citizenship, efficiency and defense recommended so strongly by the nation's leading women. The training would result in returning about one million red-blooded, broad minded, right-thinking missionaries for good citizenship and efficient business and community life into as many homes throughout the land every year.

THE NEXT LIBERTY BOND ISSUE

You could have bought a \$1000 Liberty bond in the open market yesterday for \$939.40. When the war has been over a short time you could sell it, to be extremely conservative, for \$1050. Meanwhile you would be getting 4 1-4 per cent. on its par value, more than you could have obtained a few years ago on the safest investment securities of those days.

But thoughtful and patriotic people do not buy Liberty bonds at a discount. To them winning the war is infinitely more important than picking up extra dollars. They prefer to buy their Liberty bonds directly from the government at par. All the heroism of our boys at the front would go for nothing if their needs were not supplied and they are fed and clothed and armed very largely through the sale of Liberty bonds. Compared with theirs, our sacrifice in paying more than we need to for the best securities in the world is so trifling that we blush to speak of it as such.

The next issue of Liberty bonds, it is understood, will be for \$6,000,000,000, much more than any of its predecessors, and it must be sold. Every patriot should be saving and planning to do his full share and more.

"Red Cross nurses waved and shouted from the galleries. Garibaldi veterans in scarlet, Greek soldiers and sailors, lads in the blue of France and the khaki of our own army, Scotch and Canadian kilts, heroic Belgians, English Tommies, Serbian veterans, American jackies, plain humans in muft—altogether they sent their shouts to the heavens in love and admiration for the nation that said and still says "They shall not pass!" This is but a glimpse of the enthusiasm in but one of our cities that celebrated the national holiday of France.

The German aristocracy still wastes starch wearing two collars a day while the German masses are becoming victims of "tricotets," a new disease caused by uncleanness due to lack of soap.

"One never knows what the Russian mind will conceive or what the Russian will execute," says Kerensky, putting his finger on the chief disease—next to German propaganda—afflicting his country.

SOUTHERN FARMERS ARE MAKING GOOD SHOWING IN CROPS

Despite the Great Labor Shortage in the South the Southern Farmers Are Going Over the Top.

From labor agents of the U. S. Department of Agriculture for the Southern states met in conference at Birmingham, Ala., on July 18 and 19 for the purpose of perfecting plans for making up the farm labor shortage during the coming year. The spirit of the meeting was that of service not only for the other fellow but for the labor agents themselves. More than one of the government agents have led groups of volunteer workers in the wheat harvest and thrashing. With such a spirit evident in the leaders the farmers have been quick to respond to the appeal for greater exertion in crop production.

In spite of the labor shortage crops are clean and in excellent condition. This has been due in large measure to the fact that farmers realizing that they had to get along with reduced labor forces, have worked harder and managed more effectively than they have ever done before. Southern farmers are proving their patriotism in a very practical fashion. Many who in past years have done no actual farm labor are taking the lead in the fields this season. (The negro population is imbibing the spirit of patriotic service. Formerly, in most southern communities colored laborers have done no work on Saturday. This custom is rapidly disappearing and thousands of negroes are wearing the red, white and blue button of the Saturday Service League, pledging themselves to work the full six days of the week.

Men of the towns and cities have gone out by the hundreds to help in the harvest fields. Farmers for whom these men have worked have reported excellent satisfaction. The plan having proved successful this season, will be extended next year so that if necessary, it will furnish the chief source of labor for harvesting crops. The women of the South are also enlisting for farm service. At Ringo, La., one group of ten women from the Red Cross organization chopped 17 acres of cotton one day. Thousands of town and city boys are replacing men on farms. Stringent vagrancy laws are rapidly putting an end to the career of the loafer. Farmers everywhere are making greater use of two, three and four horse teams and of labor saving machinery. Cooperative clubs have been organized among neighboring farmers for thrashing, silo filling, and similar work. Farmers are planning their work ahead, putting their machinery in perfect repair in ample time before it is needed and in many other ways are increasing the efficiency of their man power.

BONDED TOBACCO

Available stocks of dutiable leaf tobacco held in bonded warehouses of the United States at the close of April, 1918, amounted to 57,250,918 pounds, which was an increase of 19,186,570 pounds, or 50 per cent., compared with the stock on hand the corresponding date last year. It is interesting to note in this connection that the value of leaf held April 30, 1918, was \$29,619,721, an increase over the total valuation for the corresponding date last year of \$11,241,591, or 61 per cent.

Manufactured products held on April 30, 1918, included 24,004 pounds of cigars and cheroots and 737 pounds of cigarettes, decreases respectively of 11,409 pounds, or 32 per cent., and 856 pounds, or 53 per cent.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Pains of Maysville People.

As one weak link weakness a chain so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork strains, colds and other causes injure the kidneys, and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness. Mrs. Harry Mann, 495 W. Second St., says: "About two years ago, I suffered from an attack of kidney trouble that had lasted for a long time. I had a dull, constant ache in the small of my back and the pains were often sharp. I was also dizzy and felt tired and languid. Two boxes of Doan's Kidney Pills cured me and I haven't been bothered by kidney trouble since. I gladly advise anyone to get a box of Doan's Kidney Pills at the Chenoweth Drug Co., if troubled by their kidneys."

Mrs. Mann is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Mann had—the remedy backed by home testimony, 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

ONE OF MOST SUCCESSFUL YEARS AT CAMPMEETING

Everyone Is Enjoying Himself and the Services Are Above the Ordinary—Carl Dodds Has Great Choir.

(By J. H. R.)

Ruggles Campgrounds, July 30 — The camp is being favored today with a visit by Mr. Robert Boggs and sister of Mt. Sterling, Ill. Mr. Boggs in the long ago, lived just adjoining the campground. This is the first time he has been here for thirty-one years. Of course he notes the many changes in the grounds as well as those camping. Very few of the campers of that time are here now. He and Mr. I. M. Lane and others of the older campers were going over old times this afternoon. This section was not so peaceable in those days as now. Many were the fights and disturbances in those days. It seems as though Mr. Boggs was the hero in one or more of those scurrillous, cleaning up on a lot of drunken roughnecks who were trying to disturb the campmeeting. There is no question but that this campmeeting has been a great factor in bringing about better conditions in the community. At the present time there is no better community anywhere, and a disturbance of any kind is almost unknown.

Rev. F. W. Harrop was in the camp for the day, leaving late in the afternoon for Ashland. He is busy as a bee, having been made financial agent for Union College, Barboursville, and is on the lookout for one hundred thousand dollars with which to endow the college. Anyone who knows Rev. Harrop will understand that if there is a dollar to be found he is the man to get it. Rev. Harrop will also entertain the annual session of the Kentucky Conference in his church at Harlan. It isn't any wonder that he is kept busy.

Dr. A. O. Taylor, wife and child, and Miss Bessie Johnson of Maysville, and Miss Katie Blatterman of Atlanta, Ga., spent the afternoon in the camp. On their return to Maysville they were accompanied by Mrs. Carl Dodds who goes home for a couple of days.

After an all-nights rain the camp has been just a little gloomy today, but the afternoon brought the sunshine again. Perhaps the wet grounds were partly accountable for such crowds to the church services for the day.

Revs. Don M. Nichols, the evangelist of Cincinnati, and G. N. Jolly, D. D., of the West Ohio Conference, arrived during the afternoon to remain until the close of the meetings.

The writer is in receipt of a letter today from Rev. S. K. Hunt, former pastor of the Third Street M. E. Church. He is now stationed at Camp Johnson near Jacksonville, Fla., in the Y. M. C. A. work for which he just finished his special training at Blue Ridge, North Carolina. He states that he is much in love with his work. Mrs. Hunt and the children are pleasantly located at Green Cove Springs, Fla., a distance of something like twenty miles from the camp. He has a Ford and is able to spend a little time at home each week.

A short note from the venerable H. C. Northcott with a request that some Maysville papers with the campmeeting news be sent him, was received today. Brother Northcott who is lovingly referred to as father of Ruggles Campmeeting is nearing the century mark in age. It has been several years now since he attended but there is no diminishing of his intense interest in the meetings.

The Annual Association Meeting will be held tomorrow at 8 a. m. This is the one very important business session of the meetings. The Board of Directors will be elected, the financial affairs of the Association gone over, and plans for the future of the campmeeting will be discussed.

It was the privilege of our campers to hear a great sermon this morning. The Rev. A. P. Smith of West Union, Ohio, was the preacher. Brother Smith is our biggest preacher, has the biggest voice, and this sermon could be easily classified as one of the biggest of the meetings. Our hearts were stirred within us as we sat under the power of his message.

The afternoon service was a rouser. Rev. E. R. Overley was the man appointed to conduct these services. No word has been received from him. Not appearing the superintendent has drafted the Rev. Cheap for this big job, and he is filling the bill very satisfactorily. Brother Cheap has the happy faculty of being able to entertain and instruct in the things of the Bible at the same time. His method appeals to the young people. Should Brother Overley fail to come Brother Cheap will continue.

We have all looked forward with great expectancy to the coming of the evangelist Dr. Nichols, and to hear him preach. After hearing him this evening we can truthfully say that all the complimentary things that have been published about him are more than fulfilled in the man and his preaching. With the largest crowd of

AMERICAN GOODS REPLACE GERMAN

Chile Is Now Using American Made Electrical Goods Instead of German Made.

Of all the countries on the west coast of South America, Chile offers the best opportunity for the immediate sale of electrical goods, and the prospects for the future are bright. Germany dominated the market before the war, but according to a report issued today by the Bureau of Foreign and Domestic Commerce, Department of Commerce, American goods have recently made big gains. German goods had entered the market in the wake of German capital.

Chile is a country where the natural resources and the will of the people make for progressive development along industrial and manufacturing lines, which means a steadily growing demand for power. Special Agent Philip S. Smith, author of the Government's report, asserts that this should and will be furnished by harnessing the many waterfalls of the Cordillera of the Andes to electric generators and sending the current to all parts of the central section of the Republic.

One of the things that should not be overlooked in contemplating Chile as a future commercial field is the opportunity of uniting a safe investment with a profitable business. If advantage is taken of this situation the relations already existing between the two countries can be strengthened to their mutual profit.

The report analyzes every phase of the electrical-goods business in both Chile and Bolivia and is designed to assist American firms in their efforts to build up and maintain business with the two countries. Under the title "Electrical Goods in Bolivia and Chile," Special Agents Series No. 167, it is sold at the nominal price of 20 cents by the Superintendent of Documents, Washington, D. C., and by all the district and cooperative offices of the Bureau of Foreign and Domestic Commerce.

PRISON FARMS OF OHIO PRODUCE LARGE AMOUNT OF FOOD

Charles McIntire, chief agriculturalist of the Ohio board of administration, informs the Ohio food administration as follows:

The new prison farm, London, Ohio, is now furnishing all the milk and cream used by the Columbus (Ohio) State Hospital, Ohio Penitentiary, School for Blind, and School for Deaf. This milk, which amounts in value to almost \$200 per day, is produced by prison labor, with the exception of one employed man. The dairy at this State farm is considered one of the best in the country.

The champion butter cow in Ohio, which is owned by the State, is located at Athens State Hospital farm, and has produced 38 pounds of butter in seven days.

The large gardens in connection with Ohio institutions will be operated more extensively than ever. Orchards are being planted extensively and large crops of apples and peaches will soon be available for institution use. Quantities of pork fed on kitchen and garden waste are also produced at these State farms.

SUNDAY MOVIE TRIAL SET

Lexington, Ky. — Squire Botkin, when the case of the Ben All Theater management was called at Coletown Tuesday morning, set August 15 as the date for trial. Farmers in the vicinity of Coletown, the Magistrate said, are too busy with harvesting to try persons for operating moving picture shows in Lexington on Sunday. The Laymen's League composed of a handful of churchmen and several preachers, is persistent in its effort to enforce the blue law, however.

RAIN MAKES MANY ROASTING EARS

The rains of the past several days have been the means of making many an ear of corn and it is expected that the market will be filled with roasting ears in the next few days. The corn crop is said to be saved and the farmers are now expecting a splendid crop if they are able to harvest it before cold weather sets in.

the campmeeting to preach to he thrilled them with the power and appeal of his message. Surely with such preaching the campmeeting should be a great success.

The Maysville people just ought to see Carl Dodds at the head of the big campmeeting choir. In all the history of the camp never has there been a larger or better choir. While it may not approach in numbers the great "Billy" Sunday choir, yet for beauty of harmony, and effective Gospel singing it will compare favorably with that great chorus. As a chorus director and general campmeeting booster Dodds is an unqualified success. And so with this combination to offer we feel to urge Maysville and surrounding country people to come and hear the music, preaching and get some of the good things we are enjoying this year.

ANCESTRAL STAIN WREAKS HAVOC IN INNOCENT LIVES

Feature Picture to Be Seen Tomorrow Proves the Worth of High Lineage Futility.

The sins of hereditary, the crime of worshipping blue blood and so-called aristocracy, with all the sacrifices that people make to this false god—this is the theme of "Blue Blood," the Selaxart production distributed by Goldwyn to be seen at the Washington and Gem Theaters tomorrow.

Played by a capable cast supporting Howard Hickman, virile and accomplished young actor, the story unfolded is one of the most powerful to be seen in motion pictures today. As the last of his name, Mr. Hickman as Sepceer Wellington gives a remarkable performance ranking with the finest exponents of Oswald in Ibsen's "Ghosts," a character not unlike the star's role in "Blue Blood."

Spencer Wellington is afflicted with incipient paresis, discovered by his physician after an outburst at a dinner party. Dr. Rand chances to see his patient embracing Grace Valiant, a girl of fortune who is urged by her mother to marry the aristocrat. Dr. Rand himself loves Grace, though he is powerless to declare himself. He warns Wellington that marriage would be a crime and threatens to inform Grace of Wellington's tainted blood. In return Wellington threatens the doctor with ruin if he violates professional confidence. He marries Grace secretly, determined to circumvent Rand, whom he fears. In time a child is born, and in order to save the young wife's mind Rand declares that she must never know that her baby was hopelessly defective and had died. A living child is obtained.

It is a miserable union. Grace is under the surveillance of a nurse at all times and Wellington neglects her for a spectacular pleasure palace he has built on his estate. Here orgies of the wildest kind are of nightly occurrence and the master of Wellington Hall seeks forgetfulness of the doom he fears in constant dissipation. Eluding her nurse, Grace wanders over the grounds and plunges over an embankment before Dr. Rand discovers her and is overjoyed to see a new look in her eyes. Her mind no longer is unsettled. Hideous cries come from Wellington's retreat. The doctor rushes in to investigate and finds the girls huddled in terror before Wellington's frenzied attacks. He laughs wildly, his mind forever gone, and falls to the floor, dead. With infinite tenderness Dr. Rand consoles Grace, now free and with a new life before her.

The Argentine government will install an electric voting machine in its chamber of duties.

OFFICERS TO CO-OPERATE WITH FEDERAL SLEUTHS

Nation-wide Drive Now On to Run Down the Great Number of Railroad Thieves in Operation all Over the Country—Special Officers at Terminals.

One of the greatest man hunts this country has ever known is just getting under headway along the great trunk line railroads of the country and as the Chesapeake & Ohio railroad is now being used about as extensively by the government as any other line, this man hunt is in progress along this line.

Since the Federal government took over the management and control of the railroads they have learned of the great amount of stealing going on. The value of goods stolen from the railroads this year has been so large that the government has sent out special deputy United States Marshals to run down these thieves.

These officers are now working at the great railroad terminals and along the lines.

COUNTY AGENT PLANNING FOR BIG FAIR

Much of the time of County Agent E. Frank Boyd is now being spent in making preparations for the big Germantown Fair. Mr. Boyd has created much interest among the farmers of Mason county in this season's fair and he says that from what he learns the farmers in Bracken and Robertson county are also showing more interest in the fair this year than they have shown for some time.

THE U. S. PUBLIC SERVICE RESERVE FURNISHING MEN

The United States Public Service Reserve is the Recruiting Arm of the United States Employment Service.

The United States Public Service Reserve is the recruiting arm of the United States Employment Service.

In peace times the great network of United States Employment Service offices thrown out across the country would probably be sufficient to supply the nation's industries with their required labor.

In war times in few places we have surpluses of labor, and the task becomes principally that of seeking out the workers of the proper skill and training for the waiting jobs.

The Public Service Reserve supplements the employment offices with 20,000 agents who reach down into the smallest village and hamlet to tap potential supplies of wage earners. These agents, acting under direction of a federal state director, seek out workers in less essential occupations, and through the employment offices, distribute them at the points where there are most vitally needed to bring about maximum production.

The county director of the Public Service Reserve, who has immediate charge of the reserve enrollment agents in that county, in many cases serves as representative of the United States Employment Service in the capacity of chairman of the Community Labor Board. The board, consisting of the chairman and a representative of the employers and a representative of the workers in each industrial community, has general jurisdiction over the recruiting and distribution of labor in its locality. The question will often arise, where a number of skilled workers have been recruited and requests are filed by various plants for more than the number recruited, to what plant or plants should these workers be assigned in order to bring about the greatest good in the prosecution of the war?

In distributing labor under this community plan the present needs of an establishment engaged in war work are considered, as well as the priority of the industry.

The 20,000 agents who search out men of specified types in every part of the nation are volunteer workers, although supervised by paid government organizers who keep in close touch with them and who speed up their activities. Their functions are generally to furnish directly to the army, navy, and other governmental departments, men of specified training; to recruit skilled and unskilled labor generally for war industries; in the districts where there are no employment offices, both to recruit and distribute labor under the direction of the Community Labor Boards; to register in specified trades in which it is known from experience that there will be a demand; the men in less essential occupations, so that they may be readily available when needed by the industries engaged in manufacturing war materials; to assist in transferring men who are working in non-essential occupations to those industries which are essential, with the least loss of time and expense; to prevent ruinous competition recruiting among the war industries by reporting to the proper authorities any wrongful methods employed in that respect, such as activities of private labor scouts; to report to Washington the condition of the supply of labor in any given community, and to furnish information as to wages, hours, and housing conditions.

ARRANGING PROGRAM FOR INSTITUTE

County Superintendent of Schools George H. Turnipseed is now making preparations for the annual Teachers' Institute which will be held here during the latter part of August. The program is being arranged for the best interests of all of the teachers and Prof. J. W. Bradner, who will be the instructor, will be likely the only out-of-town speaker on the program.

INTERN ALL HUNS, SAYS WOMAN

Woman Now Doing War Work in England Says All Huns Should Be Interned.

An Atlantic Port—Joseph C. Baldwin, Jr., president of the United States corporation of New York, who has returned from a business trip to England, said there was no talk of peace there, only desire to punish Germany for her crimes against humanity and to prevent them in the future. Officials and business people he met in London, he said, were expecting America and Japan to enter Siberia this summer and rally all loyal Russians to their banner to fight the Huns.

"The American troops are received in England with enthusiasm and are entertained by the people living near the training camps," Mr. Baldwin said. "They do not stay there long, but are rushed across to France as quickly as possible. Just before sailing I met Gen. Sir William Robertson, commander of the home forces in England, who said that the American troops landed in splendid condition and were as fine specimens of manhood as he had ever seen."

Miss Violet Rowan, who has been doing war work in England and is now on her way to Melbourne, Australia, to see her family, said the United States ought to intern every man of German birth in the country even if he were 80 years old. England made the great mistake of allowing the Huns to be at large and carry on their propaganda, which has cost the country dearly, she said. "Once a German always a German," Miss Rowan continued, "and that is the way America must deal with the Huns."

DOCTOR HANDLING RADIUM LOSES SECOND FINGER

St. Louis, Mo.—Dr. Hober Roberts, formerly of St. Louis, but who four years ago removed to Belleville, Ill., has had the index finger of his left hand amputated at a Belleville hospital because of infection brought about by his handling of radium.

In 1911 Dr. Roberts lost the middle finger of his left hand through the same cause, and was compelled to submit his ring finger to a grafting operation. Dr. Roberts studied radium treatments abroad in 1903 and, returning, brought with him 170 milligrams of the metal. Radium is valued at \$120 a milligram. He became one of the pioneers in treatment of cancer with radium. He says that he will continue to handle radium despite the loss of his two fingers.

KLAIR TO GET NEW POST

Frankfort, Ky. — That Representative W. F. Klair, Lexington, may succeed M. M. Logan on the State Tax Commission is the report current at the Capitol.

Klair has been Representative from Lexington for a number of sessions and has served a term as a member of the State Railroad Commission. He is said to be one of the best politicians of the state and has the reputation of being the best parliamentarian in Kentucky.

Although General Logan has not resigned from the commission it is believed generally he will retire to devote his time and attention to the practice of law. He will locate in Bowling Green.

Two Fleming County Farms For Sale

Mr. George W. Foxworthy has listed with us two very desirable farms. Farm No. 1—The home farm, where Mr. Foxworthy now resides 5 miles East of Flemingsburg, contains 116 acres, and has on it a good residence, large stock barn, tobacco barn, two silos and the usual outbuildings found on a well-improved farm; also an abundance of fruit of different varieties. About 80 acres of this farm is in and the land is all in high state of cultivation.
Farm No. 2—Contains 92 1/2 acres; adjoins the town of Mt. Carmel; has on it a new tobacco barn; and this farm is also in good state of cultivation. While there is no house on this land, there is a nice home close to the farm that can be bought very reasonable.

For particulars as to price, etc., see the undersigned or Mr. Foxworthy.

THOS. L. EWAN & CO

Maysville, Ky.

The Cereal That Needs No Sugar

Grape-Nuts needs no sugar!

Unlike most cereal foods it contains its own natural sweetening, obtained through the famous Grape-Nuts process from the wheat and barley from which it is made.

This natural sweet is the starch of the grain changed into a healthful, life-giving sugar.

This change is brought about by the ferment, diastase, in barley malt, and by long baking.

The result is a wonderful food, easy to digest, abundantly sweet in its own right, nourishing, economical—

COUNTY LOAFERS WILL WORK ON ROADS AND PIKES

County Officers Will Investigate All Vagrancy Charges and Use Men to Repair Pikes If They Don't Work.

County Judge H. P. Purnell yesterday said that up to the present time only a few men from the country precincts have been reported to his office as not working and he said that the cases of those who have been reported will be investigated thoroughly.

The County Judge is anxious that all cases of loafing be promptly reported to his office and under the provisions of the vagrancy law all the county officials are required under severe penalty to investigate and enforce the laws.

Just at the present time the County Commissioners are doing considerable work on the pikes of the county and Judge Purnell yesterday said that all of the men who were found who would not work on the farms would be tried under the new state vagrancy law and the clause requiring all loafers proven guilty to work for a sixty day period on the county pikes would be taken advantage of.

The county is now needing quite a quantity of stone on the pikes and work in the quarry will be given all those in the county who are not kept busy on the farms.

BEGINS ARMY SERVICE

Lexington, Ky.—Dr. John D. Maguire, Captain in the Medical Reserve Corps, leaves Thursday for Ft. Oglethorpe, Ga., to report for duty, and Dennis A. Furlong, for several years Registrar of Vital Statistics, has been appointed to act as City Health Officer in Dr. Maguire's absence.

DISTRIBUTING NEW MOTORS

Employees of the Maysville Electric Light Company are now engaged in distributing about the city new motors to take the place of the machines which will not operate under the new current soon to be used here when the new electric light plant is in perfect working order.

ENTERTAINS WITH BOAT TRIP

Captain C. M. Phister entertained last night with a boat ride on the Ohio. A number of invited guests, including the cast of "The Scoop" enjoyed the trip.

CO-OPERATION IS SOUGHT FOR NEW BOAT LINE

Representative of Liberty Transit Company Expected Here Today—Line Will Compete With Greene Line in This District.

As was hinted at through the columns of the Public Ledger a few days ago, Maysville is to have another boat service along the Ohio River in the very near future. Mr. R. E. Spencer, traffic manager of the Liberty Transit Company, of Wheeling, W. Va., is on his way down the Ohio River calling on the business men and various commercial organizations asking their co-operation in establishing a first-class freight and passenger service between Pittsburgh and Cincinnati.

Mr. Spencer is expected in Maysville today or tomorrow. He is bringing with him to show to the merchants his "Local Freight Tariff No. P-1."

This tariff publication is the most substantial indication so far that river transportation is to be revived in a determined and systematic manner. The Wheeling company has the capital to carry out its modest plans and the personnel of the company is an earnest of consummation if the support that is deserved is given.

The slogan of the company, printed on the front cover page of the tariff, is "express service at freight rates." The tariff names class and commodity rates, applying in either direction between Pittsburgh and Louisville. The commodities listed are clay products, iron and steel, live stock, sal ammoniac, sand and gravel, stone quarry scrap, etc.

Mr. Spencer is quite optimistic over the prospects for business. Pledges of co-operation are being given by leading shippers at all river points on the boat line's schedule.

It is proposed by the company to make at least one round trip a week between Pittsburgh and Cincinnati, during the first few months of operation, and to gradually increase the frequency of the trips as boats are added to the line. Freight will be transferred at Cincinnati to the Louisville line, with reverse transfer for the up-river trips.

It is expected to have a boat with barges leave Pittsburgh Saturday evening, returning to that point the following Saturday morning.

The Elam the first boat of the line, is now being overhauled in order to fit her for navigation for the low water period. This boat has already made two round trips between Pittsburgh and Cincinnati, but on the second trip she was delayed and otherwise inconvenienced by shallow pools.

YESTERDAY'S RESULTS

AGED NEGRO WOMAN IS INSANE

Aunt Ann Shepherd, an aged colored woman of the East end was brought to the county jail this morning and an inquest will be held before Judge Purnell and a jury today. The aged colored woman is said to have lost her mind completely.

Miss Edith Chambers has resigned her position with Dr. Howard and has accepted a position with The Excelsior Shoe Co. at Portsmouth, Ohio.

HIGHER TAX ON LUXURIES AND NON-ESSENTIALS

Suggestions of the Treasury Department as Regards Taxes on Non-essentials Are to Be Modified.

Washington, July 31.—Taxes on luxuries and non-essential expenditures came up for discussion today before the House Ways and Means committee, which is framing the new \$8,000,000 revenue bill. Suggestions for such taxes were recently laid before the committee by the Treasury Department. That the Treasury department suggestions will not be adopted as made, was indicated yesterday, when the committee tentatively agreed upon a tax of 10 per cent. on gross sales of manufacturers, producers and importers of automobiles, cosmetics, patent medicines, cameras, graphophones, sporting goods and smaller articles. The Treasury department had recommended a tax of 20 per cent.

The tax on luxuries or non-essentials suggested by the Treasury would include clothing, house furnishings, furniture and hotel bills, above certain amounts or prices, and upon servants, yacht and pleasure boats.

A heavy tax on firearms was decided upon, including a tax of 100 per cent. on dirks, stilettos, sheath knives and similar deadly weapons. The tax for shotguns and rifles was fixed at 10 per cent. Revolvers and pistols were listed for a 25 per cent. tax.

Chairman Kitchen announced that, in addition to the 10 per cent. tax on automobiles, plans were being considered to tax the owner of a machine through a Federal licensing system, probably to be collected from the user in the same manner as the state license is now obtained. The Treasury department has recommended that such a tax run from \$20 to \$50. The tax of 10 per cent. on automobiles will produce about \$70,000,000, according to Treasury department estimates.

Player pianos, base ball bats, golf clubs, fishing rods and reels, pool and billiard tables and tonics were also included in the 10 per cent. schedule. All of these are now taxed 3 per cent.

CANNING ORDERS GO BACK TO JULY 1st

County Food Administrator Makes It Plain That Those Purchasing Twenty-five Pounds of Sugar Since July First Have Purchased Their Limit.

There seems to be a great deal of misunderstanding about the recent order of the Food Administration in regard to the purchase of twenty-five pounds of sugar at one time for canning and preserving.

Yesterday afternoon County Food Administrator W. D. Cochran said that those who have purchased twenty-five pounds of sugar since the first of July have purchased their limit and can secure no more sugar for canning or preserving.

Many who have made application for sugar did not understand that the order goes back to the first of July and thought it only affected those who had purchased sugar in twenty-five pound lots since the order has been announced by the State Food Administration.

Mr. Cochran's office is kept busy explaining this sugar order to those who have been refused further sugar purchasing certificates for canning or preserving.

ANOTHER LIMIT CLUB MEMBER IS REPORTED

The Sale of War Savings Stamps Continues in Maysville and Mason County Despite Close of Intensive Campaign.

Although the intensive campaign for the sale of War Savings Stamps in Mason county was closed several weeks ago, the workers are not losing every possible opportunity to get new members of the War Savings Stamp Clubs now actively engaged in lending their money to the government in every precinct in the county.

The county headquarters of the W. S. S. campaign yesterday reported another thousand dollar subscriber in Mr. W. H. Mackoy, former sheriff. Mr. Mackoy by virtue of his investing a thousand dollars in War Savings Stamps becomes a member of the county's already large Limit Club.

Local agents in charge of selling stamps yesterday received from the state headquarters attractive signs to be placed in their windows and every agency will in the future be plainly marked.

Mr. George W. Royce, special agent of the Mutual Benefit Life Insurance Company, left last night for Ashland on special business for his company.

Try a pound of T. G. Butter.

FLEMINGSBURG JUNCTION DEPOT IS ROBBED

Young Thief Is Captured at Cowan—Had Taken Many Railroad Tickets.

The Flemingsburg Times-Democrat says:

About Wednesday last at Georgetown the "show" which was here on Saturday last hired a young man for service in some capacity. Sunday morning at this place the manager discharged him. The young man, or boy, for he claims he was born October 4, 1900, left here some time Sunday afternoon and turned up at Flemingsburg Junction about dark that evening. He was seen loafing about the depot until dark. Someone had a suitcase to come in on the 4:16 train from Maysville and for some reason it was not claimed, but remained outside the depot. Matthew Dearing, who lives not far from the depot concluded that he would go over about dark and put the suitcase in a safe place, but on approaching the depot found the suitcase gone and the young man inside the ticket office. He at once called Sammie Scruggs to come, that a man was robbing the depot. When they approached the front the robber jumped out of a back window, and just as he landed Dearing threw a rock at him, but did not stop him. He ran across the back lot and into the field and was lost sight of in the darkness. Following him up, Mr. Dearing found several railroad tickets from Flemingsburg Junction to Paris, scattered along his line of flight. As soon as possible word was given to the railroad people of the robbery, and the machinery of the law was set in motion to capture him. He was seen along the road Monday morning, and finally Sheriff Hart and Marshal VanArsdell caught him at Cowan and lodged him in jail here. Tuesday morning Matthew Dearing came in and positively identified him as the man, besides which, one of the stolen tickets was found on his person. He gave his name as Henry Barnes, on the date named above, though there is reason for saying that was not his name. He has a sister who is a Red Cross nurse in New York, and a brother who is now fighting for his country in France. The authorities are holding him pending advice from his sister and he will either go to the Reform School or enlist in the U. S. Navy, and we should prefer the latter.

Examinations of the physical condition of seventy of the young men who registered for military service last June will begin this morning at 8 o'clock at the Federal building. All of the young men are expected to be on hand on time and the examiners hope to finish their work before noon if nothing unforeseen develops.

No new orders on the physical examination of registrants have been received by the Mason County Board and the men reporting this morning will be given the same sort of test given all other men who have been accepted for the service.

The Board members, who registered these young men, are of the opinion that more than ninety per cent. of the men will pass as physically fit with a rating of above ninety per cent. They are all strong young fellows who have no dependent and no ties to hold them at home. The majority of the men are anxious to see service and will likely be called upon to enter training during the present month.

Seventy more of these youngsters will be given their examination tomorrow.

NAMED DEPUTY ADMINISTRATOR FOR POULTRY AND EGGS
County Food Administrator W. D. Cochran yesterday afternoon named Mr. C. G. Gault, of this city, special Deputy Food Administrator for the county in charge of poultry and eggs.

Mr. Gault understands the poultry and egg business from beginning to end and a better selection could not have been made. Mr. Gault has already received his commission and entered upon his duties. He will be in complete charge of all poultry and egg matters coming through the Food Administration.

NEW WHARFBOAT COMING THIS WEEK
It was learned yesterday that the new wharfbow which the Green Line of steamers proposes to locate in Maysville will arrive here some time during this week but that business will not be attempted until after next Monday night when the owners will make application for license to the City Council.

PLANNING FOR BIG WAR CONFERENCE
The Mason county committee of the Council of National Defense is now making extensive preparations for the big all day War Conference to be held here during the latter part of this month. Some of the best speakers in the state will be heard here on that day.

COUNCIL MEETING MONDAY NIGHT
The regular monthly meeting of City Council will be held on next Monday evening. There is nothing of great importance to come before the City Dads except regular routine business and it is not expected that the session will last long.

JOHNNIE GET YOUR GUN
Get your gun, get your gun. Johnnie get them on the run, on the run, on the run. The Yanks are coming, the Yanks are running Over There at the Pastime today.

The characters in Mr. Parker Ford's new play, "The Scoop" are now planning for rehearsal of the play. They have employed several local stenographers who are now copying the lines and work of learning the lines and making the first rehearsals will be started in the next few days.

The second meeting of the Teachers' Training Class being taught at the First Baptist Church by Dr. B. B. Bailey, the pastor, will be held this evening. Much interest is being shown in this class and it is expected to grow with every meeting.

CONTROL OF WIRES PASS INTO GOVERNMENT HANDS

National Government Took Complete Management of the Telephones and Telegraphs Over Last Night at Midnight.

The complete control of all telegraph and telephone lines in the country passed out of the hands of the owning companies into the hands of the national government last night and all employees of the telegraph and telephone companies in Maysville this morning went to work for Uncle Sam.

So far as is known here there will be no visible change. The managers of the Maysville Telephone Company, Western-Union Telegraph Company and Postal Telegraph and Cable Company have recently received instructions from their superiors that the Federal government would be boss after midnight last night but there is no change made so far in the management of the business of the companies and no change has been suggested.

One announcement made unofficially yesterday that was very good news to the telegraph operators was to the effect that in the very near future the government would make them an increase in salary of twenty per cent. but no other changes even in the near future have been suggested.

Various sorts of reports have been in circulation, one being that the telegraph offices would be moved to the Postoffice but it is pointed out that these reports appear on the face of them impracticable and are not to be believed unless later officially announced.

MEN WILL BE SUBMITTED TO PHYSICAL TEST TODAY

First Lot of New Drafts Will Be Given An Inspection This Morning at Government Building—Seventy Ordered In.

Examinations of the physical condition of seventy of the young men who registered for military service last June will begin this morning at 8 o'clock at the Federal building. All of the young men are expected to be on hand on time and the examiners hope to finish their work before noon if nothing unforeseen develops.

No new orders on the physical examination of registrants have been received by the Mason County Board and the men reporting this morning will be given the same sort of test given all other men who have been accepted for the service.

The Board members, who registered these young men, are of the opinion that more than ninety per cent. of the men will pass as physically fit with a rating of above ninety per cent. They are all strong young fellows who have no dependent and no ties to hold them at home. The majority of the men are anxious to see service and will likely be called upon to enter training during the present month.

Seventy more of these youngsters will be given their examination tomorrow.

NAMED DEPUTY ADMINISTRATOR FOR POULTRY AND EGGS
County Food Administrator W. D. Cochran yesterday afternoon named Mr. C. G. Gault, of this city, special Deputy Food Administrator for the county in charge of poultry and eggs.

Mr. Gault understands the poultry and egg business from beginning to end and a better selection could not have been made. Mr. Gault has already received his commission and entered upon his duties. He will be in complete charge of all poultry and egg matters coming through the Food Administration.

L. C. REYNOLDS LEAVES FOR CAMP TAYLOR
Mr. Luther C. Reynolds, who a few days ago received his call to enter Y. M. C. A. work for which he volunteered several months ago, left yesterday for Camp Zachary Taylor where he will today assume the duties of Educational Secretary in one of the large "Y" huts in that great camp.

Reynolds' many friends in Maysville wish him much success in this work and are certain that he will more than make good.

ARRESTED FOR STREET WALKING
Dellah Jackson, colored, was arrested by the police last night under a street walking charge. This is the first arrest since the police started their campaign against street walking and since Judge Whitaker gave orders that all questionable should be off the streets at 8 o'clock at night. She will be given a hearing this afternoon.

ANNOUNCEMENTS
W. J. Fields is a candidate for the Democratic nomination for Congress from this, the Ninth Kentucky District, at the primary election to be held Saturday, August 3, 1918.
